To-day

You get up with a scowl on your face, a lump in your soul. You look out and see no sunshine. Drizzling rain dampens everything. It's soggy under-foot. "Beastly weather," you mutter to yourself. "A bad day today," you persistently and pessimistically say to everyone you meet.

You fool! There is no such thing as a bad day. Good days and bad days exist only in your own head. The weather has nothing to do with it. Each day is what you make it yourself. Bad weather is only an unfortunate opinion.

Suppose it is raining pitchforks. You get word that your salary has been doubled or that a forgotten uncle has left you a million. What do you care about the weather then? Or suppose the person you love is dying. Unexpectedly a turn for the better comes. The doctor says your dear one will live. What if it is hotter than Tophet? It is a good day, a great day, a happy day.

Its what you think and feel about it that makes each day what it is. You within yourself, can make each day every day, a good day. Put down in the note-book of your soul the poet Runeberg's thoughts:

"Each day is a life."

When you get up in the morning throw back your shoulders, take a deep breath. Meet the new day like a man. Say to yourself:

Another day—another life!

For all we know it may be the only day we'll ever have. Let's make it the best day we can. Let's strive to see that it is a day worth while. Let's move a step forward in our work. Let's do all the good we can. Let's get all the happiness we can—TODAY.

RIGHT NOW is the only time you can control. Yesterday is a record. Tomorrow is a secret. TODAY is your, is mine. —Walter Johnson, American Magazine.

E. J. Prescott is having the family home renewed this week by adding a new porch.

A new porch is being added to the home of Judge and Mrs. Thomas which will add much to the appearance of the place. Ed Weber is doing the work.

Mr. and Mrs. F. Matheson and two eldest children left on their cruiser Glen last Saturday for Telegraph where they will spend the next two weeks camping and enjoying a summer vacation.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/2 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

Elgin, Ill., Is Barely Running

The name, Elgin (Ill.) instantly
brings to mind that it is the city
where the famous Elgin watch is
made, and also is the center of
the creamery butter industry. One
would think that Elgin was highly
prosperous. But a dispatch from
Chicago to the Cincinnati Enquirer
says:

"Less than two years ago the
happy, prosperous, law-abiding city
of Elgin went dry. Today the Chi-
cago Commission on Liquor Traffic
was told that old residents barely
recognize the place. It now has a
perpetual frown; it is hard up and
crime and misbehavior are on the
upgrade, it is said,

"Philip Freiler was the witness
who described the changes that
have taken place. He once owned
an Elgin saloon he valued at more
than \$35,000, and now he is in-
terested in a distillery at Louisville,
Ky.

"Among the more startling of
his statements were these:

"Savings accounts in the
banks have decreased \$100,000.

"Theater attendance is poor.

"The police have all they can
do to handle the 'blind pigs.'

Burglary, gambling and social
evil complaints are multiplying.

"Freiler came fortified with sta-
tistics. He took up the 34 saloons
one by one, told what their prop-
rietors are doing now and what
has become of the space they form-
erly occupied. According to his
figures, buildings occupied by sa-
loons are now either vacant or are
renting for from 65 to 75 per cent
less than they were before the dry
gained control."
